

Square Lashing

BY Dan Luke and Jordan ☺

What you will need:

Step One:

First you will need to tie a clove hitch on one of the poles which are crossed.

Step Two

Now pull the rope under then over then under & so on & so on. Make sure you pull the rope tight every time you pull the rope through.

Step Three

After 5 pulls start wrapping the rope around the top pole.

Step Four

The rope should now look something like this and finally.....

Step Five

So this is a square lashing with a clove hitch on.
